

In 2025, all draftable U.S. WOMEN will be force-vaccinated with deadly mRNA spike proteins by the Medical/Military Industrial Complex

There's a lot more to the draft these days than just readying and sending soldiers into the meat grinders of the political mass-embezzlement schemes, a.k.a. the military industrial complex. Now Big Pharma has its teeth sunk in deep, and every military member drafted next year, including all "eligible" women, will surely face the wrath of the mRNA-Industrial Complex.

Did you know that 98 percent of all U.S. military forces, meaning the Army, Navy, Air Force, Marines, Coast Guard and National Guard, got the deadly Covid-19 "clot shot" mRNA spike protein "vaccines?" They sure did. Over 6.5 million experimental, untested, [gene-and-cell-altering mRNA stabs](#) were administered to U.S. military members, modifying their cells to produce endless protein prions that cause rubbery vascular clots, myocarditis, pericarditis, spontaneous abortions and turbo cancer.

And just in case you were wondering, yes, the Secretary of Defense [made the toxic jabs MANDATORY](#) for service members after the nefarious FDA "approved" them (they never really did) for mass-injection (as a biological weapon of mass destruction). Service members who refused to get the useless, worthless, unsafe, ineffective prion injections were DISCHARGED from the military. The military told the fully unvaccinated to do the "right thing" and that it was a "lawful order" that must be "obeyed" because it is a "valid medical readiness requirement." Oh, really?

The National Defense Authorization Act for 2025 has a blueprint plan where all military-age women and men are involuntarily (by mandate) required to register for selective service (meat grinder duty) to help greedy politicians and globalists steal resources from other countries (think oil and opium), run guns (includes automatic weapons, tanks, jets, missiles and nuclear warheads), and embezzle trillions of dollars printed and collected from tax-paying, hard-working Americans.

Notice that America only defends (invades and occupies) territories that are bountiful with resources we can steal, otherwise, we couldn't care less. Think Iraq, Afghanistan, Ukraine and now the Middle East. Meanwhile, the gender-fluid, devil-worshipping trannies will be in their high heels and heavy lipstick, prancing around the battlefield, wondering why their heart feels like it's about to explode, and why there's a weird green glow to their skin, food and surrounding soil. Can you say Chernobyl without coughing into your rainbow-colored face diaper?

Whether the proxy war is in Ukraine, Russia, China, North Korea, Mexico, Canada or every metropolitan city in the USA, the goal is the same for the insane Demoncrats and globalists. Eliminate Americans and replace them with illegal immigrants. Well, the LGBTQPs demand "equal rights," so there you go. Off to war. Get injected, then get infected. The Biden Regime supports genocide across the board. They do not discriminate when it comes to supporting mass death by bombs, vaccines, city violence or drug overdose (by fentanyl and prescription opioids). Also realize that the mass-depopulation scheme in effect is heightened when all U.S. military-aged (baby-making aged) women are [injected with spike proteins](#) that cause

The "system" cares more about protecting itself than about protecting its citizens who appear to be the equivalent of milk cows (maybe even beef cows!)

Here's a reality check for you.... Most people in our military today DO NOT CARE about our country. They don't have a sense of patriotism or duty to serve. They are there because they are broke, need money for college, or simply have few other options or a place to go.

My advice for the young men and women is to stay mobile and change addresses frequently, be hard to reach whether personally or online, never respond or fill out government forms, don't sign any of their paperwork, passively resist all coercion efforts

Maybe refusing the military death shot will keep you off the battlefield; and, away from getting the other military death shot. If I refuse the vaccine will that discharge me from military service.
